Download

Install Desktop Clients

Install Mobile Apps

Latest stable version: 2.3.1 (Changelog)

synchronize your ownCloud with your computer using our **desktop clients**. Select one or more directories on your local machine and always have access to your latest files wherever you are.

Windows 7, 8.x and 10

Mac OSX 10.7+, 64 bit

Linux Multiple distributions

Looking for the Sources (PGP signature) or older versions? For more information on the sync client, check out the documentation.

Here is the key used to sign our packages.
